

23 July 2010  
Madison, Wisconsin

It is with sad news that I inform you that Jawaun McClain, one of our group leaders at our Allied Boys & Girls Club, drowned early Thursday morning in Lake Monona, according to the Madison Police Department. Jawaun was 23 years old, a graduate from the University of Wisconsin and was leaving Madison to attend law school in Boston. He was a smart young man and worked extremely well with our kids and staff. He committed his life to serving kids. He was a mentor for the People Program, worked recently at MSCR and coached a speech team at West High School.

This morning, we have grief counselors at the club meeting with staff and kids to help us deal with this unfortunate incident. This morning, I am going to reach out to his family and offer our condolences on behalf of Boys & Girls Clubs and offer any assistance to the family during this difficult time.

I have attached his photo because many of you all may have met him in passing at the club. Thanks in advance for your support.

Michael Johnson, CEO  
Boys & Girls Clubs of Dane County
